

# NEW REGULATION ON ENVIRONMENT PROTECTION!

***“PRESERVING THE ENVIRONMENT IS EVERYONE’S  
RESPONSIBILITY!”***

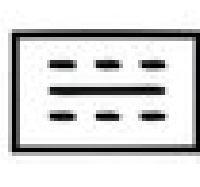

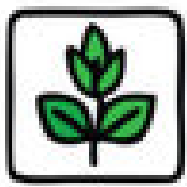

## SINGLE-USE PLASTIC (REGULATION) BILL, 2024

# WHY AVOID SINGLE-USE PLASTIC?

- ✓ **Contributes to climate change.**
- ✓ **Clogs drains, causing flooding and waterborne diseases.**
- ✓ **Takes hundreds of years to degrade.**
- ✓ **Harms food chains as animals ingest plastic.**

# AIMS AND OBJECTIVES

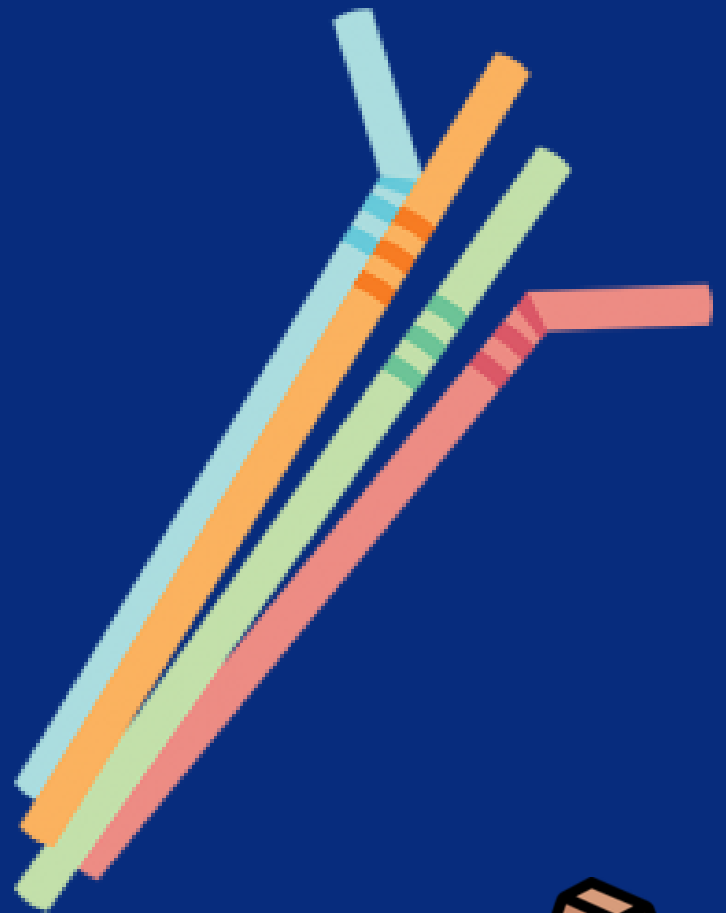

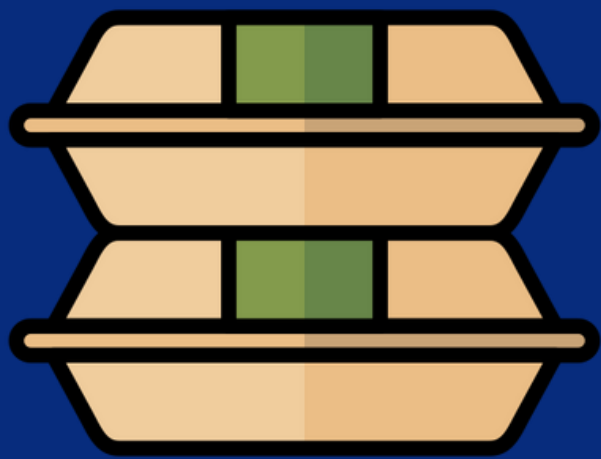

- ✓ Promote sustainable alternatives to plastic.
- ✓ Ban single-use plastic by 2025.
- ✓ Showcase India's commitment to sustainable development.

# KEY TAKEAWAYS

- ✓ 2025 Target: Full ban on single-use plastic.
- ✓ Prohibited Actions: No use, stock, sell, trade, manufacture, or distribution of single-use plastic after 2025.

# PENALTIES & TARGETS

- ✓ Fines of ₹1 lakh to ₹5 lakh for violations.
- ✓ Complete plastic waste elimination by 2050.
- ✓ Everyone should seek eco-friendly packaging alternatives.

# HOW THIS BILL DIFFERS

- ✓ Focuses specifically on banning single-use plastics.
- ✓ Sets clear deadlines for a 2025 ban and 2050 waste elimination.

- ✓ Imposes stricter fines for violations.
- ✓ Requires a coordinated national strategy for plastic control.
